

African Amber

- A sensuous and rich blend of bergamot and mandarin with warm wood and soft amber undertones. The fragrance is rich in sandalwood, bourbon rose, Madagascan vanilla, and Egyptian musk, creating a warm and exotic effect.

Arousing

Aromatherapy

- A sexy and romantic blend of rose with warm sandalwood. Arousing notes of cardamom and saffron add to the scent's allure while aromatic basil is invigorating.
- Contains essential oil of rose, sandalwood, and cardamom.
- Rose is considered the most romantic scent in most cultures.
- Sandalwood resembles the human pheromone androsterone which is secreted in male sweat and arousing to women.
- Cardamom is a classic Arab and Indian aphrodisiac and people still nibble on its seeds after dinner to freshen their breath and spice up their evening.
- Perfect for facilities trying to create a sexy vibe.

Boutique Noir

- Edgy and chic! Pepper-infused mango combined with the earthy and musky aroma of leather. Wet woods add sophistication and warmth.
- This fragrance is warm and slightly industrial. Ideal for hotels or facilities trying to add warmth to modern design.

Bread

- The aroma of a homemade loaf of crusty, oven-baked white bread.

Cherry Blossom

- Fresh cherry blossoms perfectly compliment the exotic and alluring notes of peach, apple and apricot nectar to create an uplifting and vivid scent.

Floral

Chocolate Chip Cookie

- Indulge yourself with the aroma of freshly baked chocolate chip cookies. Notes of semi-sweet chocolate chips, warm vanilla, and crispy baked dough will make everyone's mouth water!

Christmas Tree

- Nothing evokes the holiday season like the invigorating smell of an authentic white pine and birch.

Citrus High

- A complex blend of citrus and clear green notes, nuanced with florals and spices, fills a room with a refreshingly clean citrus bouquet.
- Vibrant, invigorating and clean.
- Citrus fragrances are stimulating and best for high-energy environments.
- Citrus relaxes the brain waves which increases alertness and concentration.

Citrus Splash

- A refreshing and ozonic citrus fragrance with notes of mandarin orange and zesty lemon. Subtle fruity undertones of green apple and juicy pear add an uplifting quality.
- Citrus fragrances are stimulating and best for high-energy environments.
- Orange notes reduce anxiety and are considered uplifting.
- Hypoallergenic – this fragrance does not contain any of the 26 known allergens as defined by the European Union.

Citrus Tea

- This fresh, clean scent is a blend of red, white and green tea notes with juicy passion fruit, a vibrant verbena & bergamot top note and warm woody undertones.
- Creates an atmosphere that is rejuvenating and balanced.
- Perfect for trendy and eco-friendly environments.
- Hypoallergenic – this fragrance does not contain any of the 26 known allergens as defined by the European Union.

Coffee Bean

- Wake up and smell dark roasted Colombian coffee beans. Full bodied and aromatic.
- Restrictions:
 - ❖ Cannot be sold in France.

Cucumber Mint

- An aromatic blend of watery cucumber and fresh mint leaves complimented by a fruity melon accord with water lily and jasmine.
- Studies show that cucumber fragrances make the space seem larger and more open.
- Perfect for facilities wanting to create an uplifting, clean and modern ambience like commercial office buildings, doctor's offices, or hotels.

Enchanted Apple

- Fresh granny smith apples with a hints of musk and white woods creates this uplifting, crisp, and youthful scent.
- Apple notes are refreshing, comforting, and anxiety reducing.
- Studies show that sniffing apple aromas can reduce the effects of migraines.
- Hypoallergenic – this fragrance does not contain any of the 26 known allergens as defined by the European Union.
- Ideal for commercial office spaces, hotels, or doctor's offices.

Energizing

Aromatherapy

- Awaken your mind and increase energy with this blend of lemon, rosemary and peppermint.
- Contains essential oil of peppermint and lemon.
- Peppermint is commonly known to improve physical performance and increase alertness and concentration.
- Citrus oils like orange and lemon are considered 'pick me ups' and stimulate brain waves.
- Rosemary stimulates the nervous system and increases energy and memory.
- The Tokyo Stock Exchange diffuses lemon onto the trade floor to invigorate its brokers and create an energetic environment.
- Ideal for casinos, fitness centers, or other facilities looking to energize their patrons.

Fresh Clean

- The smell of fresh air, tinged with sweet orange and honeysuckle. This simple fragrance is bright and refreshing, and creates a clean and crisp atmosphere.
- Strong odor neutralizer with a light scent.
- Orange notes reduce anxiety and are considered uplifting.

Fresh Cotton

- The smell of freshly laundered linen with subtle hints of almond.
- Clean, soft, soothing.
- Almond notes are very popular, rejuvenating, and gourmand-like which makes this fragrance homey and comforting.

Fresh Water

- Cool marine scent of aloe with dewy green notes. A green floral note of muguet rounds out this smooth and comforting fragrance.
- Muguet (or Lily of the Valley) evokes Springtime which makes this fragrance smell fresh and intoxicating.
- Aloe vera is a common medicinal oil. Though its benefits are generally topical, the aroma is soothing and familiar.

Honeysuckle Jasmine

- Succulent and sweet honeysuckle combined with jasmine, linden blossoms and dainty paperwhites. The soft sensuality of blonde woods and subtle vanilla add complexity.

Iced Pina Colada

- The classic combination of juicy pineapple and creamy coconut is modernized with fruity notes of sweet peach, papaya and passion fruit puree.
- Sunny and fun...like a vacation!
- Perfect for themed facilities trying to enhance a tropical ambience.

Jasmine

- The beguiling, heady aroma of night blooming jasmine complimented by a green note of ivy leaves and softened with white musk.

Juicy Peach

- The succulent aroma of a juicy peach complimented by notes of pink grapefruit and white tea.

Lemon Verbena

- Fresh verbena leaves with zesty lemon and the added earthy notes of lemongrass and geranium create a bright and uplifting atmosphere.
- Sparkling and squeaky clean.
- Lemon-infused verbena leaves smell cheerful and summery.

Lime Blossom

- A bouquet of citrus blossoms with freesia and cassis to create a crisp, clean aroma.
- Citrus fragrances are stimulating and best for high-energy environments like casinos and fitness centers.

Lotus Flower

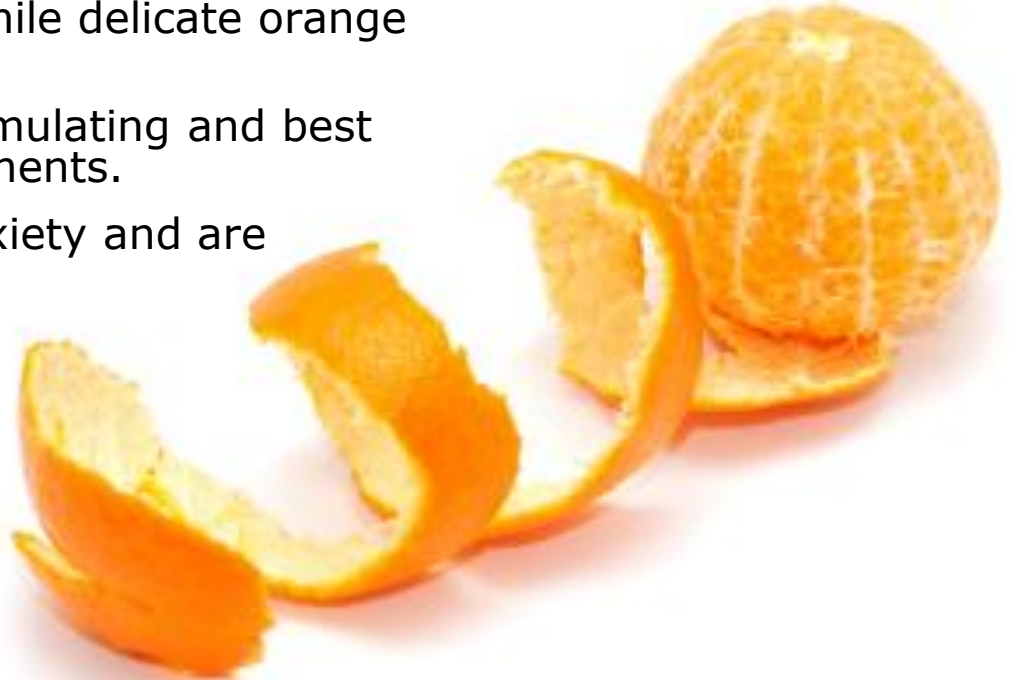

- A refreshingly clean bouquet of lotus blossoms, delicate muguet, and green ivy over hints of cedar and moss. Infuse calmness into your environment with this lush, water lily scent.
- Hypoallergenic – this fragrance does not contain any of the 26 known allergens as defined by the European Union.

Mandarin Zest

Aromatherapy

- Delightful citrus of Sicilian mandarin is paired with a subtle fruity accord of juicy apple, fuzzy peach, and honeydew melon for this captivating aroma. Smooth green watery notes and muguet counteract the tangy citrus signature while delicate orange blossoms add softness.
- Citrus fragrances are stimulating and best for high-energy environments.
- Orange notes reduce anxiety and are considered uplifting.

Marine Fresh

- Smell the waves crashing to the shore with notes of ocean spray, aromatic bergamot, dune grass, and cedar.
- Hypoallergenic – this fragrance does not contain any of the 26 known allergens as defined by the European Union.

Mojito

- Based on the fashionable beverage, this scent contains the refreshing notes of key lime and crushed mint leaves, creating an effervescent and intoxicating atmosphere.
- The combination of citrus and mint stimulates the mind, increases energy and makes you more alert.
- Ideal for high energy environments like casinos, clubs, and fitness centers.

Mulled Spices

- Warm apple cider spiced with cinnamon, clove, and whole peppercorns. Topped off with a subtle hint of orange peel to create this cozy and nostalgic aroma.

Oleander & Sage

- The clean scent of a summer thunderstorm with the strong, creamy scent of oleander, dewy marine notes, watery cucumber, and fresh herbal accord of sage, thyme, basil, and crushed mint leaves.

Optimism

Aromatherapy

- Natural and earthy lemongrass notes combine with a floral accord of bright peony and lotus blossom. Subtle hints of clary sage and sandalwood add warmth to this complex yet soothing fragrance.
- Contains essential oil of lemongrass and clary sage.
- Lemongrass oil has been used for centuries to combat depression and relieve stress.
- Sage notes clear the mind, are uplifting, and relieve depression.
- Sandalwood relaxes brain waves and is used to reduce anxiety.

Patchouli

- Invigorating and slightly minty note of patchouli is balanced by warm sandalwood and sweet vanilla.

Peppermint Latte

- Cool peppermint balanced with warm, frothy vanilla create this comforting wintry aroma.

Pink Grapefruit

- The invigorating juices of ripe grapefruit and orange are paired with fruity peach and red berry nuances, sweetened by osmanthus, violet, and muguet.
- Tangy and exuberant, this citrus combination is pure joy!
- An excellent option for trendy and sophisticated facilities.

Pomegranate Fusion

Vibrant and ripe pomegranates mingled with bright citrus notes of lemon, lime, and mandarin. Warmth is added with a touch of ginger to create this engaging and zesty scent.

Porsche Nuevo

- Recapture the smell of a new car with this enlivening scent of soft leather, zesty mandarin, white tea, and bergamot. Revved up with distinct notes of freesia and orange blossom, and veering to enchanting amber, musk, and oakmoss.

Powder Room

- Pamper and delight the senses with the sweet smell of baby powder combined with refreshing muguet, over an aromatic blend of French lavender, bergamot, and clary sage.
- Hypoallergenic – this fragrance does not contain any of the 26 known allergens as defined by the European Union.
- Ideal for locker rooms or restrooms.

Fresh & Clean

Rainshower

- Fresh from a spring storm. Wet cut grass and tropical waterlilies are at the heart of this lush fragrance. Enlightened by crushed bergamot, and mellowed by mossy notes and wet teakwood.

Refreshing Lavender

- The essences of French lavender, bergamot and clary sage blend to create a calming and peaceful environment.
- Lavender is widely known used for its relaxing aroma-therapeutic benefits.
- A Duke University study measured brain waves and found that the smell of lavender relaxed participants as much as getting a massage.
- Ideal for hotel rooms, lobbies, doctor's offices, or other environments offering a calm and soothing ambience.

Relaxing

Aromatherapy

- Relax the mind and body with this blend of aromatic lavender and soothing chamomile.
- Contains essential oil of lavender and chamomile.
- Lavender is the most commonly used essential oil in aromatherapy due to its relaxing properties.
- A Duke University study measured brain waves and found that the smell of lavender relaxed participants as much as getting a massage.
- Chamomile reduces stress and anxiety, as well as treat insomnia.
- Perfect for diffusion in hotel rooms, spas, doctor's offices, or hotel lobbies that are trying to relax and soothe their patrons.

Rose and Peony

- A subtle yet sophisticated bouquet of tender rose and bright peony, made slightly sweet and fresh by hints of green apple and musk.
- This garden-inspired scent creates a feminine and romantic environment.
- Perfect for upscale, classic or refined facilities.

Sawgrass

- The distinct and sweet scent of Florida sawgrass, smells like a warm summer day with hints of lemongrass, rose, and sandalwood.
- This fragrance is authentic and earthy.
- Lemongrass notes decrease irritability and drowsiness.
- Rose notes keep the mind focused and alert, and stimulate brain waves.
- This combination makes the fragrance ideal for high energy facilities like casinos.

Spa Eucalyptus

- A dewy blend of watery melon and muguet is balanced with medicinal eucalyptus for a smooth yet therapeutic scent. Subtle hints of sauna wood enhance the relaxing quality.

Sparkling Grape

- A fruity delight with sparkling grapes and juicy berries, smooth cucumber and honeydew melon. Subtle floral notes of jasmine, freesia, and newly opened tulips along with fresh greens add depth and sophistication.

Soothing Vanilla

- The rich, sweet and warm aroma of pure vanilla.

Sunny Skies

- The luminous scent of fresh air on a sunny day! Fresh tangerine dominates this bright fragrance while a subtle floral accord of muguet, Bulgarian rose, and sunflower softens it. White musk creates an ozonic, open windows quality.
- Creates a unisex and modern atmosphere.
- Subtle, eliminates stale air with a hint of fragrance.
- Hypoallergenic – this fragrance does not contain any of the 26 known allergens as defined by the European Union.

Fresh & Clean

Verbena Tea

- A fresh and soothing blend of white tea and a citrus bouquet of crisp lemon and aromatic bergamot. Hints of sheer freesia and soft musk complete this purifying scent.

White Woods

- White oak, birch bark and crisp vetiver combine to create the smell of fresh mountain air. Peaceful solitude!

Woodlands

- The scent of fresh evergreens and crisp pine needles, capturing hints of newly blossomed herbs of sage and thyme. Reminiscent of a Spring time walk through the woods.
- Refreshing and outdoorsy.
- Pine notes are invigorating and stimulate the senses.
- Thyme notes clear the mind and sharpen one's focus.
- Sage notes are uplifting and relieve depression.
- Perfect for almost any location!
